

StableTile

Art.nr: 3101002 / 3101003

AREA OF USAGE:

EcoRub Stable Lining includes stable products for both indoor and outdoor environments. Made in Sweden out of 100% recycled rubber.

EcoRub Stable Lining combines the following properties:

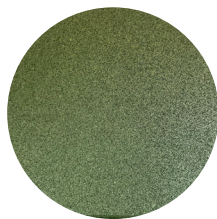

- Soft and comfortable
- Damping properties
- Good grip
- Prevents injuries to the horses
- Customizable, can be tailored to your conditions
- Sound absorbing
- Weight distributing and gentle on underlying surface
- Low operating and maintenance costs
- Reduces the need for consumables such as bedding in the stable environment

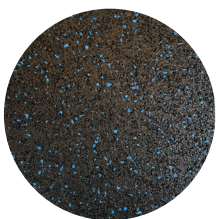

COLOURS:

Black

Green

Black with blue speckles

Red

Tear pattern on the bottom

MATERIAL COMPOSITION:

ELT granulate bound using a PU binding agent.

DIMENSIONS:

Tolerance:

Sizes:	1000 x 1000 mm	± 2%
Thickness:	20 mm 30 mm	± 5%
Weight:	20 mm - 18,4 kg 30 mm - 27,6 kg	± 5%

PROPERTIES:

DENSITY:	920 kg/m ³ ± 5%
FRICTION:	DS; Dry condition ≥ 0,30 to EN 13893 <i>Mean value 0,9 in both lengthwise and crosswise direction</i>
FIRE RESISTANCE:	E _{fl} to EN ISO 11925-2:2020
FOOTSTEP SOUND LEVEL:	64 dB (20 mm thickness) to ISO 16283-2 and SS-ISO 717
TEMPERATURE RANGE:	-30 - +50 °C. The product is stable under normal environmental conditions
COLOUR:	Black / Black with blue speckles / Red / Green
WEATHER RESISTANCE:	Yes
COUNTRY OF MANUFACTURING:	Sweden
OTHER:	VOC and SVHC test reports are available upon request
	CE-marked to SS-EN 14041:2005 Declaration of Performance available upon request

EcoRub AB is a greentech company that manufactures and provides recycled plastic materials and rubber products that support the circular economy.
The company, founded in 1995, has its factory in Lövånger.
